Section I: Full and Final Settlement

It is understood and agreed that this settlement is the compromise of a doubtful and disputed claim, and that the payment made is not to be construed as an admission of liability on the part of said Releasee, by whom liability is expressly denied. Releasor warrants that no promises, representations, or inducements have been made by the Releasee apart from the gross monetary consideration stated herein. Releasor accepts this sum as full rectification of all economic and non-economic parameters, completely disregarding any ongoing clinical therapies or outstanding diagnostic determinations.

As a material condition and inducement for the Releasee to pay the settlement consideration specified above, **the Releasor hereby agrees to indemnify, defend, and hold harmless the Releasee**, its insureds, and defense counsel from any and all past, present, or future medical liens, subrogation claims, rights to reimbursement, or secondary statutory demands arising under private, state, or federal law, including but not limited to health insurance subrogation claims, hospital liens, and Letters of Protection (LOPs).

Should any third-party medical provider, lienholder, or statutory entity initiate an action, lawsuit, or administrative collection demand against the Releasee for failing to protect or pay a medical ledger out of the settlement proceeds, **the Releasor and Releasor's legal counsel shall personally bear all financial responsibility to defend the Releasee**, pay any and all associated defense attorney fees, and fully satisfy any judgment or third-party balance in full.

Section III: Scope of Release and Extinguishment of Layers

This document constitutes a **Global and Absolute Release** of all liability. Releasor explicitly waives, forfeits, and relinquishes any rights to pursue secondary insurance tracking layers, alternative policy fund architectures, stacked configurations, or supplementary first-party contract coverages arising from the underlying incident, including any first-party Uninsured/Underinsured Motorist (UM/UIM) policy tracking channels.
