Re: Your client Jordan Davies · Our insured Kevin Brandt · DOL 03/12/2026

We have completed our liability investigation. Based on our insured's recorded statement that your client entered the intersection against a red signal, and the absence of independent witnesses or citations, we have assigned **50% comparative fault** to your client.

Any bodily injury evaluation will be reduced accordingly. Our insured's policy carries Bodily Injury limits of \$10,000 per person.

Sincerely,

R. Okafor, Liability Adjuster
