CHIEF COMPLAINT: Entrapment, Facial Hemorrhage, Lumbar/Cervical Pain.

NARRATIVE: Arrived to find 2023 Tesla with heavy driver-side intrusion. Pt (Doe, John) alert but distressed, trapped by dash/steering column. Active hemorrhage noted from left facial region. FD initiated extrication (Jaws of Life). Pt extricated at 15:05. Immobilized via C-Collar and Long Board. IV initiated en route. Pt reports 10/10 back pain and "numbness" in left leg.

Signed: T. Thompson, Paramedic
